Inclusion of compressor series for low-GWP refrigerants

HGX12P-56e LG

The screenshot displays the BOCK VAP mobile application interface. The top left features the BOCK VAP logo and the text 'Mobile applications'. A navigation menu on the left includes options like 'Start', 'Search for Capacity/Type', 'Semi-hermetic compressors', 'Vehicle compressors', 'HR StarCO₂mpressor', 'Former types', 'BOCKshop', and 'Settings'. The main content area shows a large 'VAP 11' graphic and a 'Download VAP' button. A dropdown menu is open under 'Semi-hermetic compressors', listing 'HG compressors' with sub-items: 'HG LG compressors' (highlighted), 'HG Aluminium compressors', 'HG 2-pole compressors', and 'HG CO2 T compressors'. The 'HG LG compressors' sub-item lists models: 'HGX12P', 'HGX22e', 'HGX34e', 'HGX44e', and 'HGX56e'. Below the menu, there are two images of compressors: 'Semi-hermetic compressors' and 'Vehicle compressors'. The bottom of the screen shows the BOCK logo and footer text: 'BOCK Compressors - www.bock.de - info@bock.de - © 2022 Bock GmbH'.

Inclusion of semi-hermetic transcritical CO2 compressors

HGX12+24 CO2 T

The screenshot displays the BOCK VAP mobile application interface. The top left corner features the BOCK VAP logo and the text "Mobile applications". The main navigation menu on the left includes options for "Start", "Search for Capacity/Type", "Semi-hermetic compressors", "Vehicle compressors", "HR StarCO₂mpressor", "Former types", "BOCKshop", and "Settings". The "Semi-hermetic compressors" menu item is expanded, showing a list of categories: "HG compressors", "HG LG compressors", "HG Aluminium compressors", "HG 2-pole compressors", "HG CO₂ T compressors", and "HGX12". The "HG CO₂ T compressors" category is highlighted with a yellow border, and its sub-items "HGX12" and "HGX24" are also highlighted. A "Download VAP" button is visible in the top right corner. Below the navigation menu, there are two product category images: "Semi-hermetic compressors" and "Vehicle compressors". The bottom of the screen shows the BOCK logo, the VAP Stationary Applications logo, and the footer text: "BOCK Compressors - www.bock.de - info@bock.de - © 2022 Bock GmbH".
